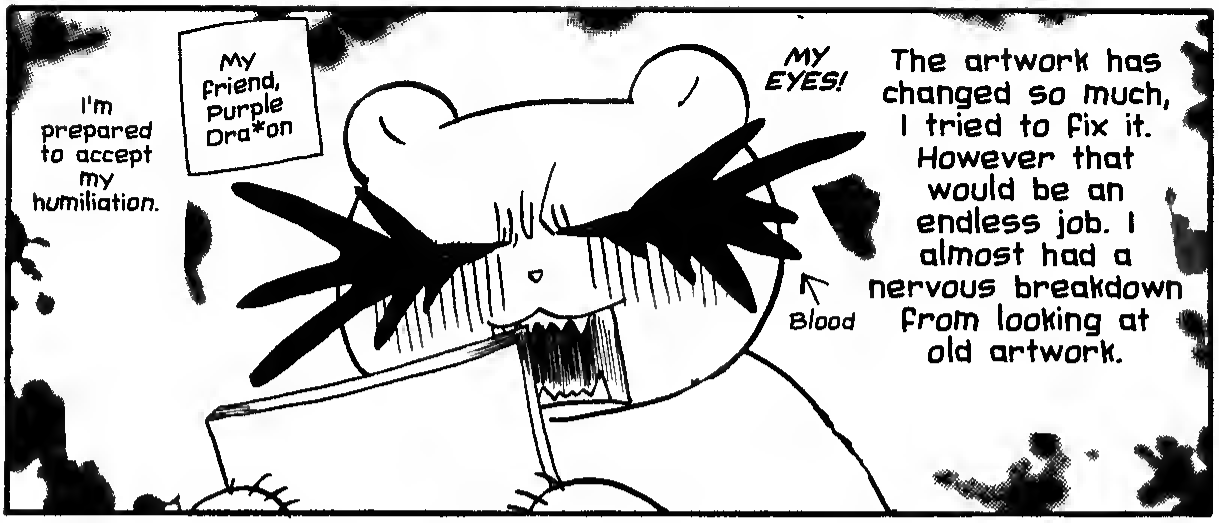
DISTURBED
The Gakurangers at the end was created after I was told to create a "superhero" story.
A super-hero story? How?
Superhero...
Does that taste good?
Lyrical Shojo Monga

It's been 9 years since this conversation. It feels like a long time. It was. It's my longest series...
But... it's about a frog.
Editor:
Please work on Straw-berry chan.
It was originally a doujinshi
At the time, I was working for "Zero." It was a sci-fi magazine for girls. Maybe the frog is kind of sci-fi?
Me



I'm prepared to accept my humiliation.
My friend, Purple Dra*on
MY EYES!
Blood
The artwork has changed so much, I tried to fix it. However that would be an endless job. I almost had a nervous breakdown from looking at old artwork.

I have never, ever stuck a straw into a frog's bum!
I'm a lady!
My soul cried out to clear up this assumption
People assume things about me because of this manga...

Catfish and Snakehead, chapped
Bloody
They're in trays, but they've been brutally chopped, so it's just weird...
Shanghai's Super Modern Fish Market
Finally, my favorite angles of the frog.
Acrylic separators
Snapper Turtle
The back and their skin...
Bunch of live frogs
Thank you to all my readers, editors, and helpers
